REF : *SCO/Q-PERS/2026/001 - Global*
YEAR : *2026*
NATURE : *Royal Personal Letter and Diplomatic Communication*
TO : *THE SPOUSES AND CONSORTS OF THE SOVEREIGNS, HEADS OF STATE, AND
HEADS OF GOVERNMENT OF THE INTERNATIONAL REALMS AND REPUBLICS*

YOUR MAJESTIES, YOUR EXCELLENCIES,

This official communication is transmitted to you directly from the legitimate *Court of Scotland* in my capacity as *Queen of Scotland*, not for the purpose of seeking political validation, but to command a direct human, cultural, and dynastic bridge with your Government and people.

Beyond the transient calculations of statecraft, the stability of nations and the preservation of our shared human heritage rest upon the enduring foundations of mutual respect, traditional continuity, and the unyielding defense of liberty. My own origins in Ukraine have instilled in me an absolute, unshakeable conviction regarding the sacredness of national dignity, sovereignty, and the inviolable right of peoples to live free from external subjugation—a resolve that stands ironclad against any form of tyranny or foreign dominion.

As the *Kingdom of Scotland* firmly reclaims its ancient independence and sovereign status under international law, following the collapse of the *1707 Treaty of Union*, our restored Crown stands resolute, unyielding, and fully sovereign. The dynastic rights of the *Royal House of Stuart*, revived through natural justice and the enduring will of the *Scottish people*, represent an uncompromised historic pillar dedicated to justice, strength, and global stability.

OFFICE OF THE QUEEN

In this defining hour, true friendship between nations is forged not through passive compliance, but through a shared, courageous dedication to freedom, history, and human dignity.

I invite your Government, through your esteemed leadership and offices, to recognize this restoration of history and to foster direct bilateral ties rooted in mutual strength, respect, and enduring partnership.

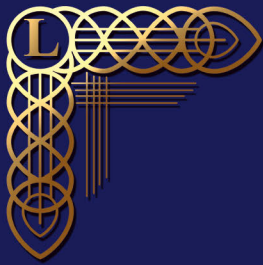

This communication stands as an uncompromised testament of peace, heritage, and the sovereign will of free nations.
